THE ANGIE KENNEDY EDUCATIONAL FOUNDATION 2012 ANNUAL REPORT

A Message from The Foundation's President

On behalf of The Angie Kennedy Educational Foundation's Board of Directors, I am grateful to be able to present you with the Foundation's second Annual Report for 2012. While last year was our inaugural year, we continue to be excited about our achievements and possibilities. In 2012, we experienced the Foundation's 1st Signature Event.

We were extremely flattered to see so many in attendance, as well as those that provided donations but were unable to attend. Our entertainment, "Country" was truly a crowd pleaser with his comedy.

While your generous financial gifts has continued to support the Foundation's goal of establishing an endowment for providing scholarships

and grants to youths who are descendents of "Mama" (Angie

Kennedy) as well as to underprivileged youths who may lack the financial resources to continue their education, we have experienced a decline in giving.

Our goal is to grow the Foundation, so we found this abatement to be dishearting.

Based on this decline in giving, we are asking everyone who is connected to the Foundation in anyway to challenge yourself and assess how

you might be able to impact the growth of the Foundation. While it may "take a village to raise a child," it takes a community of caring individuals to establish and sustain a Foundation. You can talk about what others should do, or you can be a leader and teach by example.

The future of The Angie

Kennedy Educational Foundation is dependent upon your support and tax deductible donations. Your support will enable our youth to gain a college degree and/or gain a vocation that will allow them to adequately support themselves, and their families, in the future.

Special thanks to all of you who volunteered your time, gave to and/or encouraged others to give to the Foundation in 2012.

Please visit our new and improved website at www.akefoundation.org—we are now able to accept donations electronically.

Sincerely,

Lloyd Bullard, M.Ed.,
President & Founder

Vision Statement

The Angie Kennedy Educational Foundation envisions a future where every youth is afforded an opportunity to receive tertiary (university, college, post-secondary vocational training, etc.) education that will enable them to become a contributing member of society.

Mission Statement

The Mission of The Angie Kennedy Educational Foundation is to provide the descendants of Angie Kennedy with financial assistance through the offering of scholarships to support their educational and vocational endeavors.

Background

The Angie Kennedy Educational Foundation was established to honor the life and legacy of Angie Kennedy. While she never completed secondary education she continuously stressed the importance of formal education, tertiary education and vocational training. She encouraged her children, grand children and great grand children to follow their dream, to realize “whatever you decide to be in life, be the best that you can possibly be.” She also felt strongly that “every person should always respect and help their elders.” Ms. Kennedy believed in hard work and that people should not expect things to be given to them; that all able bodies should put in a day’s work. She felt that everyone should help those individuals that are less fortunate than themselves. The Apostle Paul said “do nothing out of selfish ambition or vain conceit, but in humility consider others better than yourselves” (Philippians 2:3).
